* Age of initial joining the Group Long-Term Care Insurance for Members of Healthcare funds from when the patient has been continually insured

** The benefits shown are as of July 2016. They are linked to the cost of living index.

Insurance benefits:

For an insured individual committed to a long-term care institution, insurance benefits of 80% of the actual long-term care expenses, not exceeding the relevant maximum insurance amount according to the insured person's age at the time of joining the insurance plan.

For a long-term care patient residing at home – a fixed monthly indemnification. The amount is equal to the insurance amount specified according to the insured person's age at the time of joining the insurance plan.

The Group Long-Term Care Insurance for members of Maccabi Healthcare Services will begin on January 1, 2019. You can leave details at the following email address and a representative will contact you: sm@fnx.co.il
